

Asian Forest Sanctuary

Interpretive Exhibit Design & Graphics

Client

Point Defiance Zoo and Aquarium

Location

Tacoma, WA

Size

5 acres

The Asian Forest Sanctuary exhibit informs visitors about endangered animals, conservation projects, and the purpose of sanctuaries like the zoo itself. LCS designed interpretive graphics, interactives, and exhibit elements that accentuate the habitats. This immersive environment imaginatively transports Tacoma's visitors to Asia.

Laura Firth Markley was our consultant on research and writing. Karen Lewis illustrated certain interactive elements. TPN built the interactive exhibits.
