LCS designed the galleries for the expansion of the Children's Museum of Utah (Discovery Gateway) in downtown Salt Lake City. Five unique exhibit experiences over three floors include Garden, Kids' Eye View, Story Factory, The Studio, and J.A. City contain a wide variety of exhibit techniques, styles, and interactive elements. LCS collaborated with Pacific Studio and LA CAB of Seattle in this design/build endeavor, while working closely with the TCMU staff, consultants, and Salt Lake City architects. This is the "children's museum you never outgrow".
