

## Palo Alto Junior Museum and Zoo

Bat House renovation, Bobcat and Raptor exhibit plans

**Client**  
Palo Alto Junior Museum and Zoo

**Location**  
Palo Alto, CA

This intimate, beloved zoo/museum houses small animals for a close-up and personal connection with the visitors. LCS designed a renovation of the Bat House that improved conditions for the animals, zoo keepers, and visitors. It is a healthy, happy, and joyous experience all around; a kind of temple of contemplation for viewing bats. LCS also developed plans for the bobcat and raptor exhibits so that the Zoo could raise funds to renovate their habitats.
